

Once there were 5 superheroes and their group was called ...
The Macmillan Superheroes and 1 time they were
fighting a bad guy. Suddenly they ended up
in front of Macmillan Academy, they were still fighting
the bad guy until they ... 'WON!' They
decided to go into Macmillan and teach the
students what they do. Until Miss Loring offered
them a job to be our Superheroes and they said ...
Yes. So that's our MACMILLAN SUPERHERO STAFF!

Macmillan Superhero Backstory

This is a Macmillan superhero, she helps with any subject you need extra support on!

Anyways, when you look at her, you may think 'just an animated character that school says

helps', but she has a backstory. One time, she came to Macmillan Academy to! But that was years ago. She was the top student, until her scores and results went down, lets go back to when she was in Year 8. At the start of the year she was the best student, she got 100s on everything, she always got the best prizes, and she was sometimes bullied by people thinking she was a 'teacher's pet'. When she was getting bullied, it was really getting to her and that's when she wasn't attending school as much, she wasn't completing homework, and she lost all motivation to do anything, her room was always clean and spotless, but now she has 12 cups an unmade bed, clothes piled and her desk a mess. Her mam noticed a change in her grades when she got her report. The poor girl didn't know what was to come when her mam got the report, that's what she was worried about. Though, her mam was very understanding and willing to help. She talked to the school about these horrible girls bullying her because she used to get good scores, school acted immediately to get this bullying to stop. By the time she was in Year 10, starting her GCSE's the bullying had stopped, her grades

were up, and she was ready. It came up to her real GCSE's and she was more than ready. She let go of all her bad thoughts, the thoughts of her getting bullied if she gets good grades, and when the teacher announced the start, she was ready. She then came back after she left to receive her results and then she cried. ALL 9s!!! She already knew what she wanted to do, and she became a super mentor at Macmillan Academy!!

Macmillan Superheroes

The Macmillan superheroes are the courage twins, the learning twins and independence IZZY. Independence IZZY is the only Macmillan Superhero to not have a sibling until....

pregnant Her mum (Self-determined Scarlet) became pregnant with IZZY's brother. Scarlet named him ~~the~~ most Mischievous Mike. Mike was a very noisy and havoc gilled child. Even though he was a superhero Mike didn't help people or clean the city. He made mess instead of cleaning. Mike became one of the worst supervillains in the city. So the Macmillan superheroes had to stop this havoc. The twins took this mission as IZZY couldn't bring herself to capturing and sending her little brother to supervillain Jail. But IZZY knew it was the right thing to do so her and the team found and arrested her brother.

10 years later....

Independence IZZY's brother was released from jail and made a 2 hour long speech to the city saying how sorry he was about the damage he caused.
