

# SUMMER TASKS:

## DESIGN TECHNOLOGY YEAR 8

### TASK ONE

Watch **how it's made** on YouTube. There are loads of episodes with lots of content on production processes and materials used.

<https://www.youtube.com/channel/UCElt4nocnWDEnYJmov4zqyA>

### TASK TWO

Learn how to use **google sketch up** by using YouTube tutorials.

<https://www.bing.com/videos/search?q=google+sketchup+tutorials+for+beginners&&view=detail&mid=96A685AECF4AE39FC69F96A685AECF4AE39FC69F&&FORM=VRDGAR&ru=%2Fvideos%2Fsearch%3Fq%3Dgoogle%2Bsketchup%2Btutorials%2Bfor%2Bbeginners%26FORM%3DHDRSC4>

### TASK THREE

#### Cooking

Using the website below make your family a healthy two course meal.

<https://www.bbcgoodfood.com/recipes/category/healthy>

### TASK FOUR

#### Fix it

Find something in your house that is broken and fix it! You may need to learn some new skills to do this. Make sure this is agreed with your parents/guardians.

### TASK FIVE

**Upcycling** - Have a look at this website and try to upcycle something. Products that you are recycling are usually the best options; Cardboard Tubes, Plastic Bags, Glass Jars, Plastic Containers, Eyeglasses Cases, Shoe Boxes, Clothes Hangers, Muffin Tins, Coffee Mugs. Etc.
